PUBLISHERS' MERGER.

A plan for merging into one corporation the two great publishing houses of the Methodist Church will be presented to the Methodists of the country this week through the Christian Advocate. The Methodist Book Concern of New York and the Western Book Concern of Cincinnati and Chicago are essentially one organization now, and it is believed they can be better managed as one institution. While the final decision cannot be reached until the meeting of the General Conference at Los Angeles, in May of next year, it is thought the plants will be combined at Chicago.

BRISTOL (R. I.) April 13.—The steel mast of the schooner Reliance was successfully stepped today, and the work of rigging was gotten under way. The heavy mast forced the Reliance down in the water several inches forward, giving her a more even trim than she possessed while her deck was bare. The riggers at once began connecting the shrouds and headstays. It is thought the work will be completed in the course of a week.

SHAMROCKS DID NOT RACE.

BY THE ASSOCIATED PRESS—A.M.

WEYMOUTH (Eng.) April 13.—The Shamrock's spinnaker boom, which was carried away by a steam yacht which fouled the old cup challenger during the race from Shamrock III, off the Solent, has been applied, but it has been decided to postpone further contests under actual racing conditions until a new spar can be fitted.

The two boats left their anchorage about 10 o'clock this morning to start the trial race, the wind being harder and more equal than anything the challenger had previously experienced. The boats staggered under their lower canons alone. Outside the water conditions were worse, and after consultation, it was decided to abandon the trial race in the risk of the yacht's spars.

STANDS WELL TO CANVAS.

BY THE ASSOCIATED PRESS—P.M.

WEYMOUTH (Eng.) April 13.—The brief sail of the two Shamrocks today showed that the Shamrock III is able to stand well to her canvas. In the hard breeze she appeared to pull more water than formerly. This, however, is not surprising, considering her speed. The significant point of this first trial in a real hard blow suggests that Mr. Fife has gone beyond the safe limit in his desire to produce light spars. The challenger's main boom is palpable too light for the small sail which now hangs double, divided by a hard, full ridge. The main sheet strips will be rearranged for distributing the strain, which, it is believed, will stiffen the boom.

DELEHANTY DECLINES.

WILL PLAY WITH WASHINGTON.

BY THE ASSOCIATED PRESS—A.M.

DENVER (Colo.) April 13.—In reply to the offer of President D. C. Packard of the Denver baseball team, offering him a position on the team, Ed Delehanty declines the offer, for the reason, as he states, that he has made terms with the managers of the Washington team, who will play the season for them. He did not state the nature of the compromise, but said there would be no more friction.

PACIFIC NATIONAL LEAGUE.

ITS SEASON OPENS THIS DAY.

BY DIRECT WIRE TO THE TIMES.

SAN FRANCISCO, April 13.—(Exclusive Dispatch.) The Pacific National League opens its season in this city tomorrow with a game between the recently-organized San Francisco team and the Butte aggregation. Umpire Warner, who formerly officiated in the big leagues, has been assigned to duty, and Mayor Schmidt will pitch the first ball across the rubber. Most of the faces on the two teams will be strange to the local audience. Swindells, Brothman, Muller and Kelly of Butte are well-known San Francisco players, while Fredway played with Los Angeles several years ago. On McElroy's San Francisco side are Jess Stovall, Bill O'Hearn, Martin Glendon and John Burns, who recently descended the Coast League. The other players are all newcomers.

It is impossible to state the relative strength of the clubs, until they engage in a conflict on the diamond, as so many of the players are to appear for the first time. Fred Ely, captain of the locals, is from the big leagues and was counted one of the best shortstops of his day; Buck Weaver, at first base, is also from the major leagues. "Piggy" Ward everybody knows.

Martin Glendon, against whom an injunction has been issued by the court in Sacramento, is to be put in to pitch, with the object of making a test case at once. It is expected that action will be taken against several of the other players who have jumped, to prevent them continuing with the Pacific National League.

The appointments at the new park are as good as the limited space of time consumed in the construction would allow.

Forbes Knocked Out Devine.

PHILADELPHIA, April 13.—Harry Forbes, Chicago's bantam-weight champion, tonight knocked out Jimmie Devine of this city, in the fourth round in their bout at the Washington Club. Devine floored Forbes in the first round, but that was the local man's only effort. He was unable to stand the terrible blows administered by Forbes.

SPERITY OF WEST SET FORTH BY GOULD.

[BY THE ASSOCIATED PRESS-A.M.]

Good (N.Y.) April 12.—After a survey of conditions in the West, George J. Gould, who from a trip over the Missouri and Western lines, is confident the present era of prosperity in the West is enjoying will last another year. "I have never seen it, as well as it does today. It is not to speak of corn, but the soil of those crops ought to be good. The railroads won't mind in moving the great bulk of the fall, if there is a market. I think we will be in a better physical condition than ever before tomorrow."

There were rumors today that the Pennsylvania ownership of the Baltimore and Ohio would be the next object of attack on the part of Atty. Gen. Knox. This rumor was the capital cause of the demoralization which prevailed at the close of the market. While the conference at Morgan's office was a secret one, it is said on the best of authority that this phase of the situation came up for discussion. Another matter talked of was the problem of taking care of the ownership of the Great Northern and Northern Pacific. The United States Supreme Court sustained the decision of the lower court. One of the leading corporation lawyers of the country said today: "I think the report that the financiers are giving the country a cold lesson may be fully substantiated. It is undoubtedly true that these men want to see the country fully awakened to the far-reaching effect of the merger decision if the administration persists in its present policy. The interests of men very close to the administration are bound to be affected by the general collapse of corporate values. I understand that a great many prominent men politically today are urgent telegrams to the administration to desist from any further attack at the present time."

They had been asked to intercede with the President to prevent financial disaster to the country in the midst of the greatest prosperity. I have seen copies of these telegrams, and they were of the most urgent character. As a rule, they beg the President to jet well enough alone. He has established a precedent which will prevent further combination antagonistic to the spirit of the Sherman law, but to further attack mergers which have been in existence for some time, will seriously menace the financial tranquility of the nation."

COLONIST RATES.

NOT YET DISCONTINUED.

[BY THE ASSOCIATED PRESS-A.M.] SAN FRANCISCO, April 13.—The announcement made by some newspapers to the effect that the colonist rates in voyage on transcontinental railroads from eastern cities to San Francisco are discontinued is premature. The California Promotion Committee states that the colonist rates will be continued until June 15, the fare from New York to California points \$30; Chicago, \$32; New Orleans, \$30; Missouri River points, \$35.

STANDARD TICKET.

PASSENGER AGENTS FAVOR IT. [BY THE ASSOCIATED PRESS-A.M.] SAN FRANCISCO, April 13.—An effort is being made to induce the transcontinental railroads to adopt a standard form of ticket. The matter will be taken up at the meeting of the Transcontinental Passenger Agents' Association in Portland next week, and it is probable the roads will agree on one form of ticket to be used on all transcontinental passenger trains. Several roads have already agreed to adopt a standard form, which will facilitate the work of conductors and do away with the pastboards now in vogue.

INVESTIGATION IN TEXAS.

PART OF ESPEE ATTACKED. [BY DIRECT WIRE TO THE TIMES] AUSTIN (Tex.) April 13.—[Exclusive Dispatch.] The decision of the United States Court in the Northern Securities case will play a part in the investigation which the State of Texas is now making with regard to the San Antonio and Arkansas Pass Railroad, part of the Southern Pacific system in Texas. The Railroad Commission of Texas has issued a call for a meeting for tomorrow to investigate the company with regard to the suit to be brought by the State to forfeit its charter, but the meeting was today postponed until April 27, owing to the illness of the attorney for the road.

In the mean time the State officials are arranging to take advantage of the Northern Securities case, in the event that it will fit in with the case under consideration. The Attorney-General of Texas does not often act in such matters without the advice and consent of the Railroad Commissioners, and while he has a right to do so on his responsibility, if he sees fit, there is no reason at present to believe that he will take any action in the matter pending investigation by the Railroad Commission April 27.

Transfer of Small Road.

HUTCHINSON (Kan.) April 13.—The Rock Island Railroad Company, it is rumored on good authority, has leased from the Santa Fe Railway the use of the Hutchinson and Southern from Anthony, Kan., to Hutchinson, and will make this place the terminus of the Chouteau Railroad. As soon as the roundhouse and terminals are completed, it is understood this town will become a division point on the main line of the Rock Island to El Paso.

FRANCE
PRESIDENT LOUBET REACHES MARSEILLES.

GIVEN ENTHUSIASTIC GREETING BY THE POPULACE.

Some Radical Churchmen Cry "Down With Freemasonry" and Get Arrested. Little Exchange at the Prefecture Between Bishop and President.

[BY THE ASSOCIATED PRESS-A.M.] MARSEILLES, April 13.—[By Atlantic Cable.] President Loubet arrived here today from Paris on his way to Algeria, after receiving continuous ovations along the route. The Presidential party was met by the civil and military authorities and was escorted to the prefecture, where an official reception was held. A crowd estimated to have 300,000 persons packed the thoroughfares and gave the President an enthusiastic greeting. A grand banquet at the bourse followed the reception.

During the day M. Louvet made several short speeches mainly expressive of his strong republicanism.

Only one minor disturbance was reported. This was between a group of Socialist agitators, and a number of adherents of the army. Now, however, exchanged and the police interfered.

Six persons were injured, three of them rather seriously. This was chiefly due to the dense crowds and the popular demonstration for the President.

Another disturbance occurred on the route of the procession when a party of anti-government Radicals cried, "Down with Freemasonry."

Three arrests were made.

During the evening the prefecture of Marseilles saluted M. Louvet, and spoke of the irreproachable conduct of the clergy of this city. He said they regarded religion as being necessary to the greatness and security of the country. The incident in question, said the church had a mission of peace, fraternity and reconciliation. When it fulfills its mission as did the clergy of Marseilles the church gains the respect of all good citizens.

EDITOR'S GRAVE CHARGE.

OFFERED TO PROTECT MONKS.

[PARIS, April 13.—(By Atlantic Cable.)] The correspondents of the Figaro at Grenoble telegraph that an article published this morning in Petit Dauphinois, in which the editor, M. Besson, repeats his recent charges that he was approached with an offer to secure authorization for the monks of the Grand Chartreuse Monastery to go to France on payment of \$300,000. M. Besson declares that the person on whose behalf the offer was made by the intermediary approaching him was Edgar Combès, the son of the Premier, and that the intermediary was a prominent politician named Vervoort.

Vervoort explained that \$20,000 of the \$200,000 would go to M. Besson as his commission on the transaction. M. Besson challenges MM. Combès, father and son, to take the case before the courts.

DAZZLES EVEN NEWPORT.

Array of Gifts for Cathleen Nielsen Most Brilliant and Costly seen There for Many Years.

[BY THE ASSOCIATED PRESS-P.M.] NEWPORT (R. I.) April 13.—A special train from New York bearing the wife who will be present at the wedding of Miss Cathleen Nielsen and Reginald C. Vanderbilt tomorrow reached Newport today. Many of the villas were in readiness for the visitors, having been thrown open especially for this occasion. The marriage ceremony will be performed at Arleigh by Rev. Father William H. McNamara of St. Mary's Catholic Church. Afterward the wedding breakfast will be served and the presents displayed. The gift of gifts is considered the most brilliant and costly seen here for many years.

Among the pieces are these: Tiara of diamonds from Mrs. Cornelius Vanderbilt; St. chain of diamonds and rubies from Mrs. Vanderbilt; Tiara of emeralds and diamonds and bouquet of the same precious stones, from Mrs. Frederick Nielsen, the bride's mother; stomacher of diamonds and emeralds from Mr. and Mrs. Alice Vanderbilt; and a diamond and emerald pin from Mr. and Mrs. Harry Payne Whitney, rope of pearls with pearl tassel from Arthur T. Kemp, string of turquoise and diamonds from Frederick Gebhardt, gold jewel box from Mrs. Clarence Mackay, five gold compotiers from Commodore and Mrs. Gerry.

Mr. Vanderbilt's gift to his bride is a close-fitting necklace of pearls.

Mrs. Vanderbilt has given her daughter a complete table and tea set of massive silver which formerly belonged to her parents. There are many gold dishes and vases as well as silver and crystal services among the gifts.

SOLDIERS SEEK LIBERTY.

[ST. LOUIS, April 13.—Eight suits, involving the rights of twenty United States soldiers now confined in the Leavenworth penitentiary, were brought into the United States Court of Appeals today. The contention of the soldiers is that the sentences of the court-martial did not state whether they would be imprisoned at a military post or a penitentiary, and that their imprisonment at hard labor was directed, in excess of regulations.

HANNA PREACHES EQUALITY.

[SYRACUSE (N. Y.) April 13.—Senator Hanna was the guest of honor at the annual banquet of the Syracuse Chamber of Commerce tonight. About four hundred covers were laid. Senator Hanna discussed "Capital and Labor," speaking at length. He said in the great struggle between the two, the advanced always went with the employer who is often more successful in maintaining his position. The Senator preached the equality of man.

Senator Hanna referred to the prosperity of the country, and said that makes a judgment of the understanding between the representatives of labor and capital he could see no reason why such prosperity should not continue.

BOLTERS NOMINATE BENSON.

[OMAHA, April 13.—The delegations from four wards of Omaha, who last Saturday "bolted" the Republican convention gathered tonight with 300 citizens at Washington Hall, and nominated E. A. Benson, prominent real estate man, for Mayor.

ASPHALT COMPANIES SALE.

[PHILADELPHIA, April 13.—Henry Tatnall, receiver of the Asphalt Company of America, and of the National Asphalt Company, has fixed May 10 as the date for the sale of the assets of the two companies. The sale will take place at noon in the County Courthouse, Jersey City. The assets, consisting of securities and real estate of various companies controlled by the two parent companies will be offered in lots, but the amount realized

HOW ALICE DID IT.

Learned to Follow Instructions.

"I puzzled Mother mightily one morning after a return from visiting some friends. She had suffered terribly from sleeplessness caused by coffee drinking, and of course general nervousness and stomach trouble followed.

"Some one told her to quit coffee, and use Postum Food Coffee, but the first morning it was served to her it was so insipid and weak that she gave it up and went to drinking hot water for she did not care for tea or coco.

"About this time I went visiting, and during the conversation in reply to an inquiry about Mother's health I told her sleepless nights and general condition, and of the failure of the new drink that I tried.

"I observed that my friend looked rather knowing and wise at this statement, but thought nothing more of it at the time.

"In the morning at breakfast I was served with a most delicious cup of coffee which I drank with great pleasure, but I noticed my hostess watching me carefully, finally I asked for a second cup and she burst out laughing and remarked 'So your folks like Postum.' This was astonished, and said 'This is not Postum it is Postum.' She sent for the package in order to satisfy me and it was exactly like the one Mother had. Then I learned that our failure was caused from not boiling it long enough, so when I reached home I told Mother I had found a new drink for her and I went into the kitchen and made it from her old package of Postum. She was so delighted with the new drink that I told her it was Postum, and it was amusing to see her perplexity. She looked at the package and read it over. At last she said 'Alice how did you ever do it?' I said 'By simply following the directions.' She exclaimed 'Why I did not know there were any directions.' It seemed the cook had not looked at the package but just brewed it with a little hot water like she would tea, and that will not make good Postum. 'It must be boiled just as the directions say, then the flavor is delicious.'

"The next day Mother was to give a little coffee party and we served Postum instead of coffee. The ladies were all delighted with it, and we now have 'Postume' instead of 'coffee' and it would astonish anyone to hear the difference of the different ladies as to how well they feel and how soundly they sleep at night since they have adopted Postum instead of the old fashioned coffee, and particularly since they have followed directions."

BUSINESS.

The clearings of the Los Angeles clearinghouse yesterday amounted to \$1,175,500, as compared with \$1,051,734.93 for the corresponding period of last year.

The Chicago wheat market, until late in the day, was extremely nervous, the local crowd being easily influenced by the bull leader. With the exception of short intervals due to occasional bear covering the latter part of the day as given to drastic liquidation, and declines ranged all the way from two to five points for the leading active stocks to nearly two points in some exceptional cases.

LOCAL LABOR SITUATION.

It was the wise policy of our government, during the Philippine insurrection, to "hold no parley with men with clubs in their hands," but to disarm them first, and parley afterward. If there was anything to be said. Often, after the disarming process had been completed, the insurgents had nothing more to say. They knew when they had had enough.

The local labor situation is somewhat like the situation in the Philippines before the Filipinos discovered that they had had enough fighting. The would-be labor bosses—and a few misguided men who have foolishly thrown up good positions at their command—are asking employers to treat with them while they (the said bosses and strikers) have clubs in their hands, and are demanding that the employers shall quietly lie down and submit to be mauled into acquiescence in demands that are too preposterous for serious consideration.

It would be manifestly absurd and altogether shortsighted for employers to parley with these men, armed with the club of mismanaged unionism. It is a "stuffed club," at best, and is dangerous only to those who fear it. The proper way in which to meet their unjust demands is by firm and unwavering resistance. This must be done as a matter of self-protection, by employers, if prosperous business conditions are to continue. To fall down before these industrial bandits would be to submit to future as well as present humiliation.

There is little prospect that the "general strike" ordered by Gilley and a few of his fellow trouble-breeders will cause any disturbance worth mentioning in the local labor field. To their credit, few of the workmen ordered to quit their jobs obeyed the order. In this the workmen have demonstrated that they have a great deal more sense than their so-called "leaders." Labor conditions in Los Angeles, as regards wages, hours of labor, etc., are more satisfactory than ever before. Work is plentiful at liberal wages, and the work-day, in most trades, is eight or nine hours. The majority of the union workmen probably realize that they have "a good thing," and propose to keep it. They probably realize, furthermore, the fact that if they were to abandon their good positions, the same would forthwith be taken by other men, who would be fully protected in their right to work.

All that is necessary at the present juncture is for employers in all lines of industry to stand up for independence and fair dealing. This is the best way, the surest way, and in the end the easiest way, to meet and overcome the difficulties of the situation.

NO NEW DEVELOPMENTS.

There are no new developments in the matter of the blanket-franchise-threecent-fare application. No new light has been shed upon the matter and, in fact, not much additional light is needed. The scheme stands revealed as a "combine" of steam railroad magnates to block the ambitious plans of the Huntington-Hillman interests in Los Angeles and vicinity, more especially in the matter of interurban transportation, in which the Huntington electric lines have cut deeply into the business of the steam roads in this section of Southern California.

This much has been virtually confessed by more than one person connected with the blanket-franchise application. It is enough—quite enough.

The Times has heretofore stated its position very fully on this question. As there is practically nothing new in the case, there is no present occasion for further comment, except to reiterate what has already been said.

Even the garbage men have struck. Should you now see large bodies of citizens meandering along the streets lugging huge cans it is the good Angels'—and his neighbor on the way to the dump.

We hasten to inform our readers that that heavy jar felt yesterday was caused by the surging to and fro at the polls at Santa Monica and Santa Ana.

LABOR'S LIMITS.

A recent dispatch from Chicago stated that an ultimatum, issued by the union tanners to the leather manufacturers of that city, might drive a dozen large concerns from Chicago. At a meeting, the manufacturers declared that they would remove their business before they would yield to the demands of the tanners for a 10 per cent. increase in wages and a nine-hour day. Already, the manufacturers said that Chicago tanners are paid the highest wages in the country, which, with freight and cartage rates, have placed the employers at a disadvantage in the markets. The firms interested employ about 5000 men, nearly all of whom belong to the union.

This is another example of how the unions are busily engaged in killing the goose that lays the golden egg. There is a certain limit beyond which manufacturing concerns cannot be forced by labor unions. When that limit is exceeded, the manufacturing establishments will either cease operations, or move to some other locality, throwing a large number of people out of employment. There are quite a number of once flourishing towns in the United States that have been ruined by the unreasonable exactions of labor organizations. Members of unions who think for themselves, and are inclined to be reasonable and fair should consider this phase of the question, once in a while. The doctrine preached by the professional labor agitators, that capital and labor are necessarily antagonistic to one another, is a false and wicked doctrine, it is diametrically opposed to the truth, for no permanent good results can be achieved in the ranks of industry unless there is a hearty co-operation between the two factors, each of which contribute to the task of making the wheels of commerce revolve. "Labor omnia vincit," but even labor cannot make water run uphill.

The prospects for big crops throughout the country are so goot! that the railroad people are already beginning to worry for fear there is going to be a car shortage next fall. But it is much better to be walking the floor about that sort of thing than for fear that there aren't going to be any crops to haul. Still it would probably be just as safe for those railroaders not to cross bridges until they come to them.

Possibly high and hot winds, droves of grasshoppers, a grain army of chinch bugs may come marching down the pike to the relief of the common carriers. A crop is never out of the woods until it is harvested and the farmer has the price for the same in his inside pocket.

Still it would probably be just as safe for those railroaders not to cross bridges until they come to them.

Possibly high and hot winds, droves of grasshoppers, a grain army of chinch bugs may come marching down the pike to the relief of the common carriers. A crop is never out of the woods until it is harvested and the farmer has the price for the same in his inside pocket.

The prospects for big crops throughout the country are so goot! that the railroad people are already beginning to worry for fear there is going to be a car shortage next fall. But it is much better to be walking the floor about that sort of thing than for fear that there aren't going to be any crops to haul. Still it would probably be just as safe for those railroaders not to cross bridges until they come to them.

IMPORTANT MERGER OF FINANCIAL INTERESTS.**AMERICAN NATIONAL BANK ABANDONS BANK OF COMMERCE.****Consolidation to be Consummated Within Few Days—Amalgamated Bank Will Have Strong Backing and Equally Strong Directorate—Huntington in It.****An announcement of great interest was made yesterday when it was officially given that the Bank of Commerce is to be merged into the American National Bank. Arrangements for this important consolidation are all but perfected.****Both banks have been among the leading financial institutions of the city for years, and the merger will add considerably to the importance and strength of the American Na-****tional Bank of Commerce, which was organized in 1886 under the name of the East Side Bank and has conducted a banking business of considerable volume under the name of the Bank of Commerce, with a capitalization of \$100,000, and since then has been engaged in business at the corner of Main and Broadway.****The terms of the consolidation are as follows: \$110 a share, for stock in the American National, and a capitalization of \$1,000,000. E. J. Washburn, president of the Bank of Commerce, becomes first vice-president of the American National, and has all his active duties in that institution. Other directors of the Bank of Commerce will be given the position of vice-president.****The American National, formerly known as the California National, will merge into the new bank.****It has a capitalization of \$2,000,000. Its loans and time-saving securities will amount to \$1,000,000.****"State laws discriminate against state banks in that they make it difficult to do business, and one of the reasons why we decided upon present consolidation, National banks are not assessed at all, but the state banking institutions are almost prohibited from doing business."****The day is nearly here when our country savings and adventure****days are over.****ADVERTISING BREAKER****of advertising of March, just****now, will be our interests to con-****sider a stronger institution, and nine-tenths of the stockholders****are concerned."****Bank of Commerce, Bank, of****We, who are president, will****do business in the offices****of Commerce.****The President Botto's direction****National has had great****success, and the****new will add to a wonderful****feeling of prosperity already at-****WOMEN'S CLUBS.****Ebell.****Review of "A Simple Life" by****W. THE CITY IN BRIEF.**NEWS AND BUSINESS.****Free Ambulance.**

The managers of the Emergency Hospital state that their ambulance service will be free for all accident cases in the city.

Contract Awarded.

Capt. Jadwin, local government engineer, yesterday awarded to Sloan Green's construction company the contract to build a brick powerhouse for the electric plant to be established at Fort Rosecrans near San Diego.

Melvor-Tyndall to Lecture.

Dr. Melvor-Tyndall, the "Marconi of the Mind," as he has been aptly called, will lecture and give demonstrations at Blanchard Hall on Thursday evening, April 18, and Saturday afternoon, April 19. His lectures will be on the power of thought.

Growth of Presbyterianism.

Sunday closed the church year at First Presbyterian Church, where 100 new persons were received into membership, six on confession of faith. Two were baptized. Eight of the new members were heads of families. During the past year First Church has received 107 members on confession of faith.

Harbor Line Meeting.

Lieut.-Col. W. H. Heuer and Thomas H. Handberry of the engineer corps of the regular army, arrived here yesterday from San Francisco, and in conjunction with Capt. Jadwin, local government engineer, will meet today as a harbor-line board to consider the extension of the harbor lines at San Pedro.

August 9. Hall Dead.

August Oliver Hall, a well-known Chicago business man, died at Gray Gables early yesterday morning. Mr. Hall had been ill for some time, and his end was not unexpected. He was 63 years of age. His family accompanied him here from Chicago and will remain until after the funeral, which will be held here.

Prohibitionist Cushing.

Volney B. Cushing, of Maine, a prominent eastern temperance worker, addressed a good-sized audience in Temperance Temple last evening on the liquor question. Mr. Cushing advocated strenuous party politics for the abolition of the saloon business, and believes that all other measures are half-hearted and cannot succeed.

For Tyndall.

The reserved-seat tickets for Dr. Alexander J. Melvor-Tyndall's lectures and demonstrations in Blanchard Hall on Thursday evening and Saturday afternoon go on sale in Bartlett's Music Store, 112 South Broadway, this morning at 9 o'clock. Melvor-Tyndall, a great favorite in Los Angeles, for the last few years, always gives something new and his entertainments are pleasing as well as instructive.

Rus Over by Team.

Frank Neid, Bohemian, aged 42, living at the Santa Rosa House, was run over and slightly injured yesterday morning on 11th Duarman street near Central avenue. Neid is employed as teamster by Harper & Reynolds. Yesterday he stopped to deliver goods on Duarman street. Before he could return to drive on, the team suddenly started to run away. Neid was thrown from the wagon seat to the ground. His head was cut, and two wheels passed over his chest. He was removed to the Receiving Hospital and later to the Sisters' Hospital.

Acuta Succumbs to Wounds.

Juan Acufia, the Mexican ranchman who was shot in a drunken melee with several of his fellow countrymen near Mexicali, died yesterday at the County Hospital last evening. The physicians removed fourteen inches of punctured intestines and the shock of the operation sent Acufia into unconsciousness from which he did not revive. The authorities here have been unable to secure anything but the most meager particulars of the fatal brawl. Juan Hensman, one of the Mexicans mixed up in it, is in the County Jail charged with firing the fatal shot. An inquest will be held over Acufia's body at Bresce's Brothers undertaking room, corner of Sixth street and Broadway, at 10 o'clock this morning, and it is expected the official inquisition will bring out the true facts concerning the tragedy. Acufia was 31 years of age, and leaves a family. Cotta May be Sorry.

F. J. Cotta, the sportive manager of the Imperial Café, yesterday added to his folly of the morning before, and he is apt to do so today. Cotta concealed the down payment made in the small hours of Sunday morning by shooting off his gun in his crowded resort while laboring under the influence of too much of his own liquor. He was locked up for several hours for safety's sake, but was liberated by order of Chief Elton, his representative, to appear Monday morning in Police Court. Yesterday he failed to show up, or send any excuse for his absence, so Justice Chambers issued a warrant charging him with misdemeanor, and he will be arrested and haled into court at 9:30 this morning.

Fighting Cop Gives Up.

Policeman B. R. Barker will appear in the Police Court at 9:30 o'clock this morning and will be in charge of battery preferred by T. A. Rapp. The complaint grew out of a scuffling Parker gave Rapp at the corner of Third and Spring streets several days ago. Rapp is a street-car conductor, and compelled the officer, who is also a member of his badge, to enter on the free list. Parker took umbrage and is charged with battery. Rapp went to the sidewalk by invitation, when the officer is said to have administered a fearful beating, after which handcuffing the conductor and literally dragging him to the Police Station, where Rapp was unconditionally released. Parker afterward went to San Francisco, returning yesterday to find a warrant out against him. The Los Angeles police may be inclined to prefer to make the prosecution, as there have been several clashes between officers and conductors over the matter of carefully showing their stars.

BREVITIES.

To satisfy an execution for \$2500 against the Rayo Mining and Developing Company, Ltd., a corporation (G. R. Mohr, president, and Alf. C. Le Baron, secretary), the Sheriff of Kern county, Cal., will sell at public auction all of the property belonging to said corporation, at the Courthouse in Bakersfield, April 23, 1903, at 2 o'clock p.m., consisting of mining claims "Blue Bird," "Rayo," "Erskine," "Maggie Bird," "Nellie G." "White Star," "Portland" and "Independence." The corporation paid for these claims recently \$15,000. The "White Star" claim has a shaft 450 feet, also a good blacksmith shop. A particular inquiry of Sheriff Mohr, Bakersfield, or Earle & Creede, attorneys, 226 Douglas building, Los Angeles.

Dr. and Mrs. Lawrence are requested to give their entertainment at the Ramona Concert, Shorb, Wednesday, April 16. Their former visit to this institution, some eighteen months since, was well received, and they were requested to return with a change of

programme, which invitation they have accepted.

"The Wireless" (daily newspaper) published at Avalon, Santa Catalina Island, is on sale at The Times Business Office. This unique paper receives its entire business news direct from each important wireless telegraph office between San Pedro and Catalina Island.

W. T. Woods will form a class for beginners in dancing Monday eve, April 20, 740 S. Figueroa street.

TUESDAY, APRIL 14, 1903.

IT LOOKS SALOONY FOR SANTA MONICA.

ATE returns on the incomplete count of yesterday's city election in Santa Monica indicate the defeat of two of the three candidates on the anti-saloon list.

A compilation of the count of both precincts as it stood after midnight gives the following vote for City Trustees: T. H. Dudley, 529; W. S. Vawter, 38; J. C. Steele, 345; A. F. Johnson, 332; Collis H. Sammis, 314; H. X. Gottz, 302; G. E. Morrison, 294; C. A. Stillman, 255; C. Morgan, 255; W. L. Muller, 72; H. S. Hubbard, 59.

The count, as compiled from the two precincts, gives the following vote on other city officers:

Attorney—Fred H. Taft, 331; Benjamin S. Hunter, 293.

Assessor—C. S. Dales, 314; Thomas H. Hall, 226.

Treasurer—Frank W. Vogel, 323;

Eugen W. Boehme, 287.

Recorder—M. M. Guidinger, 389; A. L. Jenkins, 205.

Clerk J. C. Hemingway, 550.

Marshal—M. K. Barretto, 31.

The members of the Board of Education probably elected are W. E. Dugay, J. R. Haskett, J. S. Hunt, James H. Jackson and S. F. Carpenter.

The total registration for both precincts of Santa Monica was 1179. In the second precinct, south of Front street, which thoroughfare was the dividing line of the precincts, the vote of the men of the camp established by the Los Angeles-Pacific Railroad Company and by Abbot Kinney was small.

A couple of hundred of the voters, however, went to Los Angeles early in the day, and failed to return before the polls closed.

Through an arrangement effected by City Clerk Hemingway, assisted by W. S. Vawter of Ocean Park, there was frequent interchange of bulletins between the two precincts, and the wharves which collected about the polling places were kept informed of the progress of the count. This was much appreciated.

SITUATION UNCHANGED.

At 1 o'clock this morning the count was nearly completed. The several candidates were then running about as shown in the foregoing returns, compiled an hour earlier.

HUMOR MIXED IN.

The day was full of humorous incidents. One poor fellow of uncertain politics stepped up to a voting place at noon and was promptly challenged. Then there came a doubt into the minds of the challengers as to whether or not he wasn't of their side, after all, and they let him go. However, the opposing party then laid violent grasp upon the unfortunate youth, and he

was pulled as badly the other way. The question was finally settled, when the heedless fellow announced that he was going to vote independent ticket. When the充分 was over, he found himself in outer darkness, putting on the remnants of a coat.

At Ocean Park, one dignified old man, who said his had voted for fifty years, bungled his ballots up in a number of ways, and finally had to be helped out in the expression of his choice.

At one of the precincts a wozzy individual who had apparently been partaken plentifully of raw corn mush, went up and applied for a "no-ballot ticket."

He said that his wife had told him to go and vote that way, but he was afraid to do so until he braced himself up to the sticking point. Hence, his confusion and these maudlin tears.

Apparently the most important of the hangers-on about the polls were Mexicans. They seemed to have little to do and having been once marshalled by some stalwart of their own race, they were now deposited their ballot boxes, and then seemed to have no strength left to make their escape. Consequently, like the human derelicts of war, they littered the scene of action on the right.

Some of them, on the outside, incredible as it may seem, hardly knew what the fuss was all about, any way. One intelligent male of about 40 summers asked for a "5-cent-fare ticket."

Just then he had been smoking to get this man to take his ticket, and he seemed puzzled by the issues of the tickets, and apparently expected to find everything up except Presidential candidates. Many brought their women-folks along to the polls, and some of the latter intimated that they would like to get the ballot in their hands just once. Some of the weaker-backed paternosters were carefully and solicitously watched to see that they didn't forget and vote the wrong way at the very last moment.

WE'LL DRINK CLEAR WATER.

Work Commenced on New Main Domestic Conduit.

Eids Received for Construction of City Water Building.

Compliments Pass Between Water Commissioners and the City Council.

Work on the main conduit of the domestic water service, along the old ditch course, has been commenced at the point where the water is taken out of the river north of the city limits, and dirt will be flying for some months to come in completing the work. This conduit will be six feet, the bottom and

the sides of cement and the top a brick arch. It will cause a drain of about \$5000 per week for a period of six months upon the city treasury.

All the pipe contracted for last fall is now on hand, with the exception of one carload, and the last carload of the large pipe required for the completion of the work on Elysian reservoir arrived yesterday. The muddy tinge of the water supply occasioned by the necessity of turning water into the pipes to clean them out again, is now about disappeared, and the work hereafter will be better appreciated when it is known that it will eliminate the possibility of such troubles in the future.

The necessity for the improvements will be evident in view of the increase in population since last year has been so great that the collection of water rents are in excess of what they were last year, notwithstanding the loss of \$5000 per month by reason of the 10 per cent. reduction in the rates of the public service.

THIRD-RAIL FRANCHISE SOLD TO HUNTINGTON.

INCONSEQUENTIAL COMPETITION FOR CONCESSIONS.

Marry Jackins Runs up the Bids on the South Main Street Franchise. Says he Represented a Speculative Syndicate—Mayor Signs the Ordinance.

Mary Jackins, real estate agent, made \$2500 for the city in ten minutes yesterday morning. He appeared as the only bidder against the Huntington-Hollman syndicate for the so-called third-rail franchises on Main street. Jackins disclaimed any connection with W. A. Clark or the 3-cent franchise promoters, and declared that he represented men who desired the franchise for speculative purposes, a statement evidently true.

But the bids made by Jackins did not cause Attorney W. E. Dunn of the Pacific Electric Railway Company to bat an eyelash. From a seat in the Council chamber the attorney made his offer with the greatest nonchalance. His manner indicated a readiness to bid \$10,000 for either franchise.

In the end the Pacific Electric Rail-

way Company secured both concessions for \$2500, paying \$200 for the franchise beginning at First and Los Angeles streets and \$500 for the one covering Main street from Seventh to Ninth street.

Suppressed excitement was noticeable in the lobbies as 11 o'clock, the hour for the sales approached. Clarence Miller, attorney for W. C. Clark, in the corridor, and a battle royal be-

tween the millionaire railway builders, Clark and Huntington, was expected.

Pomeroy Compton, E. L. Bissell, hard man of the Ninth Ward, was the only per-

son seated in the gallery.

At 10:45 o'clock, Attorneys Dunn and G. M. Haskins, for the Pacific

Electric Railway Company, and H. R. Holloman, his partner, manager, entered the Council chamber.

Five minutes later Attorney Dunn laid two envelopes on the clerk's desk and resumed his seat at the rear of the room.

Attorney Miller was not in evidence, though there would be no competition for the franchises when scarcely half a minute before 11 o'clock, Mr. Jackins rushed up to the clerk's desk and deposited two brown envelopes, the same time vouchsafing the information that they were franchise bids.

For each of the two franchises Jackins offered \$50, and the Pacific Electric Railway Company \$200. Certified checks, in money equal to the amount of the bids, were given.

"Does anyone desire to raise the bid of \$2500 for the franchise on Main street, between Seventh and Ninth streets?" asked Skilling, who was presid-

ing in the chair. Jackins raised the bid to \$250, and deposited with the clerk 10 per cent. of the bid in gold coin, as required by the amended Broughton law. Attorney Dunn made the bid \$300; Jackins, \$400; Dunn, \$500.

At this point Jackins ran out of ready cash. He said he did not understand the necessity of depositing 10 per cent. of the bid immediately, and asked a delay to enable him to secure more money.

Dunn smiled, and looked significantly at a large ear in one corner of the room with a large ear in one corner of the room with his mouth open. He and Jackins repre-

sented the Southern Pacific.

In a minute or two after leaving the Council chamber Jackins returned and gave up the fight. On motion of Todd he was allowed to withdraw.

The franchise was struck off to the Pacific Electric Company for \$2500, and on motion of Parish, the franchise beginning at Los Angeles and First streets, and covering First street to Main street and Main to Second street, was awarded to the original company for the original sum of \$2500.

These two franchises, together with one granted in 1897, under which the Pacific Electric Railway Company has the right to lay a third rail on Main street from Second to the Ninth street, will enable the interurban lines of the company to reach the Huntington building at Sixth and Main streets. There is some doubt about the title to the franchise granted in 1897, and it is the opinion of the City Attorney that the title to the franchise will be held by the City Attorney will be required by the Council.

Under the charter system of direct legislation the franchise ordinances will be introduced in thirty days after their approval by the Mayor, starting that time they will be subject to a referendum vote.

No opposition was made to the passage of these ordinances, which were introduced in the City Attorney yesterday afternoon.

White work has been delayed on the big Huntington building, ostensibly because material could not be secured.

It is believed that the uncertainty about obtaining franchises for other franchises had something to do with it.

Surprise was expressed yesterday that the Clark-Harriman interests did not make the Huntington syndicate pay more for the franchise which are more valuable to the interurban lines.

The existing roadbed is narrow gauge, and the interurban cars are broad gauge. As only two franchises can be granted on the same street, a failure to secure the concessions would have severely crippled the plans of Huntington.

On the other hand, the proponents of the 3-cent franchise application stoutly maintained that they are acting in good faith in attempting to build a new city system. The Main-street franchises are not essential to their system and an attempt to obtain Huntington for an interurban franchise would have strengthened the hold that the steam roads are attempting to obstruct and prevent an extension of the trolley lines in the county.

Mayor Snyder, who returned from San Francisco yesterday, signed both franchise ordinances at 5 o'clock last night, and they will be published this morning.

Because of the coming visit of the President, and the large number of people who will desire to enter the

city over the broad gauge electric lines, the Mayor is in favor of permitting the franchise to the railroads, on providing that they will give the city a sufficient guarantee to remove them if a referendum petition is filed within the thirty days. All the merchants and property owners of the street desire immediate construction of the road and the Mayor has no intimation that anyone will seek to involve the referendum.

Attorneys for the Huntington road doubtless be glad of an opportunity to lay the broad-gauge tracks to the center of the city before Fiesta celebration.

REEDLANDS.

SETLEMENT OFFICERS. REEDLANDS, April 13.—The Settlement, this city's popular denominational organization for caring for the worthy sick who come to this locality in quest of health, but who have not sufficient of this world's goods, has elected as president, H. E. Wiley, vice-president, M. P. D. McElroy, secretary-treasurer, H. H. Durst.

The Committee on Supplies is composed of Henry Whelan, N. L. Levering and L. M. Winston; Finance, F. A. Wales, F. P. Meserve, K. C. Wells, F. C. Hornby and H. P. D. Kingsbury; Visiting, Prof. Wright, M. H. Fitzsimmons and C. H. Fowler. Work for the summer months depends entirely upon the amount of funds received. Thus far all the new improvements have been paid for, but, as the time approaches for payment of work for current expenses, with only \$24 in the treasury, generous donations will have to be forthcoming in order to enable the good work to be continued.

TOURIST COTTAGES.

Capt. Harry W. Goodall of Goodall, Perkins & Co., and several other San Francisco capitalists, today closed a deal whereby they obtained title to a large tract of city property near the Potter Hotel, at State and Mason Streets. Owners are about to be made, and it is expected that the purchasers will build a number of cottages for the accommodation of tourists, all to ready for occupancy January 1.

THUS AND SO.

Tomorrow evening the Young Men's League of the First Congregational Church will banquet the members of the large chorus choir which practiced faithfully in preparing for the Easter cantata.

Mr. J. Braunwald is here from San Jose, the guest of Rev. Mr. and Mrs. F. L. Ladd.

Benton K. Jamison, Jr., a prominent Philadelphia broker, has taken quarters at the Casa Loma for the remainder of the tourist season.

Mr. W. H. Dow, who was reported to be a racing enthusiast on a train near New Orleans, is the wife of the former proprietor of the Redlands Steam Laundry. A few weeks ago Mrs. Dow came to this city and made her headquarters at the Casa Loma Hotel, until she concluded to go back east to visit.

ROBERT PHYSICIAN DEAD.

John G. Kimball, one of the pioneer physicians of the city and a prominent man, died yesterday afternoon at the age of 74 years. Funeral services will be held at the residence of his son, Dr. John G. Kimball, on the avenue tomorrow afternoon. Rev. J. H. Garnett officiated.

He was born in Groton, Vt., at Janeville, Wis., he engaged in mercantile business until the outbreak of the Civil War, but was serving with it by reason of his health, however, he served continuing in the commandery department, where he lived again in Janeville, "Memphis" in Tennessee, where he died.

In 1875 he came to California, the city where he became the first physician. He had been a practicing physician a number of years, suffering considerably from rheumatism.

He was a member of the church.

He leaves three sons, himself, Los Angeles; Edward, El Paso, Texas, Daniel, of this city.

VENTURA COUNTY.

BOY USES FORGED CHECKS.

VENTURA. April 13.—Belzario Olivas, the eighteen-year-old son of J. D. Olivas, and who is on parole from the Whittier Reform School, is in serious trouble. Two charges of forgery face him, and though efforts are making to have him again committed to Whittier, it is thought he has so far overstepped the bounds that he will have a hard time keeping out of prison. Saturday, in company with a boy named Nelson, 14 years of age, young Olivas procured a rig at a stable here for a drive to Santa Paula. They stopped at Santa Paula, proceeded to cash a check for \$100 to which the name of A. Canet had been put. Securing the money the boys proceeded to Santa Paula, where another check of the same amount and bearing the same signature, was cashed by a saloon man named Oliva. Then the boys called up the Ventura liveryman and told him they would keep the rig over Sunday. The rig had been engaged, and the liveryman complained to the Sheriff. Constable Baker at Santa Paula rounded up the young men. Olivas had only \$12.90 of the \$100 left. He had been driving a wagon load of brick, when falling off his wagon on his horses and they became unmanageable. Unable to stop, McDowell jumped for his life, but rolled over the wagon and was crushed to death.

CLOSE ELECTION.

The municipal election in Bakersfield was close, but orderly. The fight centered on the election of City Attorney, Marshal and two Trustees. In each case the incumbents were re-elected.

TELEGRAPH LINE BURNED.

A tank car in a Southern Pacific train near Treves, south of Bakersfield, took fire this afternoon from the spark of a passing engine. The only damage was to telephone poles, which were burned down, cutting off all direct communication to the south. The break has not been repaired.

OJAI WATER AGAIN.

The celebrated Ojai water case of Senior et al. against Anderson et al. has for the third time been sent back from the Supreme Court for a retrial. The case has been in the courts a long

time. A number of orange growers of the Ojai Valley are ranged on each side, and the contest has come up for trial some new issue has been injected, so that the original contention has been all but obliterated. In the last hearing a bill of damages against the defendants for \$10,000 was proposed. In and out of the Supreme Court in the last decision, set aside. The defendants think they won a material point in this, though the case on other points comes back for a retrial. Water for irrigating is not plentiful on the Ojai; hence the bitter fight.

LEAVES WIFE AND BABES. Frank Parish, a Northland blacksmith, Frank last week abruptly left the partner of his joys, his business partner and the valley. Parish took his horse and buggy and \$40 belonging to the firm, which he had collected the first two days of the month. His going is a mystery, not even his wife having been informed. There had been no family friction that the wife was aware of. He left a note saying that he could no longer live with her, and that he gave her the property, which consists of a house and land in the blacksmith business. There are two children, one aged eight months.

SANTA BARBARA COUNTY.

CARPINTERIA SALOONS ALL GO.

SANTA BARBARA. April 13.—The strong fight that has been waged for several months by a large majority of the people of Carpinteria, resulted in the revocation of all licenses for the liquor traffic by the Board of Supervisors.

PURE BLOOD

Necessary to Life.

Vinol Makes it.

POOR BLOOD CAUSES ERUPTIONS AND WEAKNESS.

Vinol Makes Pure, Rich, Red Blood.

BECAUSE WE KNOWN THIS WE GUARANTEE ITS ACTION.

Impoverished blood is a sure sign of internal disorders. We see every day many people whose faces plainly show that there is something radically wrong.

We want all of our fellow-citizens to know of our splendid blood purifier and blood maker.

We refer to Vinol.

Vinol, as we have before stated, is a purely scientific preparation.

Vinol owes its virtue to the fact that it contains in a highly concentrated state the active curative principles taken from the livers of live deer—the same elements that formerly were found in cod-liver oil, and which made it famous.

Vinol does not contain the grease or fat that characterized cod-liver oil and made it many cases worthless.

Vinol acts upon every one of the vital organs and by invigorating and giving them strength, enables them to properly perform their functions.

Vinol's effect on the stomach is marvelous. It tones up the greatest organ of the body, and enables it to obtain from the food which is taken into it the necessary elements to create flesh and muscle tissue, bone structure and pure, rich, red blood.

We are in receipt of a letter from a Salvation Army woman which reads as follows:

"I took Vinol after a bad attack of grippe, and so much good did it do that I persuaded my sister to take it. She was all tired out. Had no appetite and her blood was very poor. It did her much good as it did me."—BETTY HANERHAWK, 718 River St., Fall River, Mass.

Won't you please come in and see us? We are always glad to extol the merits of Vinol.

We will give you back your money if you don't find Vinol will do all we claim it will. Could any one do more for you?

Price \$1 per Bottle.

MINE DISASTER.

FIVE MEN KILLED AND TWO ARE SEVERELY BURNED IN A GAS EXPLOSION AT CARBON, CAUSE UNKNOWN.

BY THE ASSOCIATED PRESS—P.M.

MACKENZIE ST. M'ALLISTER (I. T.) April 15.—Five men were killed and two severely burned today by a gas explosion in mine No. 77 of the Kansas and Texas Coal Company at Carbon, I. T. The dead: FLOYD ODER, GEORGE TEEK, FRANK MELLIN, JEREMY KINCAD, O. A. THIRK.

The injured: ROBERT MCGRANEY, BEN HAMILTON.

The cause of the explosion is unknown. Seventy-five men were in the mine, but all escaped injury except the seven who were working in the chamber where the explosion occurred.

The local Nationals were out at the new grounds yesterday for some preliminary work and made a fair impression on the 300 fans present to see them perform. In today's game, the team will be Jack Huston of Bakersfield, a half-play well known in the San Joaquin Valley. The line-up of the teams will be as follows:

PUGILISM.

Nationals. Stricklett, pitcher Purcell-Heisman, catcher Fred Carisch, first base Clark, second base Hall, third base Howells, Hollingsworth short stop Flannery, Bowman left field Thompson, center field Brown, right field Frary.

Monarchs. McCarey of the County club decided yesterday on one of the preliminaries for the McVey-Carter fight here on May 10. He has selected Dutch Morrison and Dixie Kid. Offers are arriving from all sides for a chance to show themselves here, and there will be no trouble to arrange a presentable programme.

BOWLING.

The Monarchs and Coliseum trios bowled the first five of ten games at the Monarchs' last night, and the Monarchs won by a total of 15 pins. The contest is for \$20 a side, and the records are to be kept by the Monarchs.

The scores last night were as follows:

MONARCHS. 1, 2, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 1

EVENTS IN SOCIETY.

Miss Julia Mercereau and Irwin Heron, whose wedding day is set for April 23, were guests of honor at an Orpheum party given last evening by Philip Wilson, who later entertained his guests with a supper at Levy's. Beside Miss Mercereau and Mr. Heron, Mr. Wilson's guests were the young people who are to comprise the bridegroom's party of which he himself is to be a member. They were Miss Clara Mercereau, Miss Edith Heron, Miss Maude Newell, Miss Dorothy Gross, Miss May Stewart, Miss Kate Landt, Miss Alice East, Messrs. etc., Karl Kline, Burwell, Meyer, Joseph Eastman, Homer Laughlin.

Easter Dinner.

Among the pleasant hospitality that has been shown Miss Lillian Burkhardt during her engagement at the Orpheum, was the dinner given yesterday evening by Mr. and Mrs. Adolph Goldsmith at their residence, No. 1223 South Grand avenue. Others seated at the table were Mr. and Mrs. S. Green, Mr. and Mrs. Joseph Goldsmith, Mr. and Mrs. Gus Goldsmith, Mr. and Mrs. Scheid and family, Messrs. George Goldsmith, D. Siegel, J. Goldsmith, L. Goldsmith.

Crewes-Sample.

A pretty wedding took place at the home of Mr. and Mrs. C. G. Brown at No. 221 Harrison avenue, Saturday, the contracting parties being Miss Doris C. Sample and William T. Crewes. Attending the bride were Miss Isabelle Browning and Miss Delhi and O. A. Nichols and Mr. S. Quarrie, groom's man, and the groom. Rev. Mr. Lowe of the Christian Church performed the ceremony, in the presence of a large gathering of friends.

Mr. and Mrs. Crewes will reside in Los Angeles, where the gentleman is in business as an architect. He was formerly a resident of St. Louis, Mo., his bride being a Los Angeles girl.

Arnold-Franklin.

The marriage of Miss Kathleen M. Franklin and William Ralph Arnold, has taken place Thursday at the home of the bride's parents, Mr. and Mrs. Joseph E. Franklin, No. 1362 West Twenty-second street, was celebrated quietly, owing to recent bereavement in the family of the groom. Mr. C. J. Jones was the officiating clergyman. The young people were unattended, and the bride wore her traveling dress.

Mr. and Mrs. Arnold left at once for short trip, after which they will reside in San Francisco. Before Mr. Arnold is a member of the California White Pine Lumber Company.

The young people had planned for a gay wedding, but unexpected changes affecting the business plans of the room called for an earlier date.

Lutes and Personalities.

Mrs. Lillian Porter Hart has issued invitation for the marriage of her daughter, Beryl Burwell, to Mr. Charles Dallas Brook of this city. The wedding will take place tomorrow at the residence of Mr. and Mrs. J. C. Agee, No. 578 North Fourth avenue, Honolulu, and Mr. and Mrs. Burwell, the bride. The newly-married couple will depart immediately for the Grand Canyon. They will be at home at No. 1037 South Hill street this Friday, May 15.

Mrs. Cary Friedlander and F. C. Parsons, widow and brother of Mrs. Mary Cheever, are visiting that lady at her residence, No. 769 West Sixth street.

Mrs. W. R. Burke and Miss Burke, wife of the twenty-third year, entertained a few young people informally at an Easter tea Sunday afternoon. Miss Maud Crew of South Hope street, a teacher in the Spring-street school, has returned from a three months' visit in the New England states, and in Washington, D. C., and will resume her professional duties at once.

Dr. Anne W. Nixon left last week for three months' visit with her mother.

Miss S. Goldberg has removed to No. 224 Alvarado street, and will be at home the first and third Wednesdays. Miss Lucy Taggart, a charming and popular young lady of Indianapolis, daughter of ex-Mayor Taggart of that city, is visiting her sister, who is a pupil at the Marlborough School in this city.

Miss Silent of Chester Place will entertain for Miss Agnes Knight Thursday afternoon.

Mr. and Mrs. James S. Wynkoop and his daughter, Miss Mary W. Wynkoop, who have been spending the winter in different places in Southern California, are now, for a few weeks, in Los Angeles, at Hotel Brunswick, before returning to their home in Denver, Colo.

Mr. and Mrs. A. R. Marquis and their son, Miss Rosa Steudle, will leave for an extended European trip.

Mr. and Mrs. James S. Bradley Jr. and Mrs. James S. Bradley, Jr. of Glendale, who are members of the Acacias Hotel, gave a pretty dinner Easter evening, when there were twelve tables.

The Mariposa Club and friends will meet at Cumnon Hall the evening of April 26, the newly-elected club officers, Rev. W. Dr. Landis, No. 22 Winfield street. Only intimate friends were present.

Mr. and Mrs. William Sauntry of Illinois, have been the guests of Mr. and Mrs. James S. Bradley Jr. for some time. They will leave their home this evening, via San Francisco and Seattle. Mrs. Cross going with them to spend the summer. A dance will be given by the Young Acacias Association this evening, April 26, for the benefit of the Jewish National fund.

Mr. and Mrs. Charles Summer will end the summer in Europe.

A house in Manhattan Beach owned by the Landes Beta Sigma chapter of the U.S.C. The members, Misses Lillian Stradley, Lillian Murdoch, Georgia Murdoch, Florence Hall, Lucy Hall, Bassie Gibson, Miriam Cole, and Mrs. Henry Skelton, are being chaperoned by Mrs. A. L. Alder, Mrs. Emma Osborne and Miss Mary Stradley. Before their return, they will entertain the Sigma Kappa Phi and Tau Gamma chapter.

Members of the Acanthus Club were entertained Friday evening at the home of the secretary, Miss Edna Wade, No. 8 East Forty-seventh street. A short business meeting was followed by programs by the girls.

A pleasant evening was enjoyed by those present.

Miss Nellie H. Taylor, daughter of Mr. and Mrs. Henry Skelton of Huron, Ohio, and Wilbur Mayer, the son of Mr. and Mrs. Joseph Mayer of Mayer, Ohio, were married yesterday at 3:30 o'clock p.m. at St. Paul's Pro-Cathedral.

The engagement is announced of Mr. and Mrs. Charles Summer, who will be married Saturday morning at 10 o'clock.

The engagement is announced of Mr. and Mrs. Robert Taylor of San Jose, and Mr. and Mrs. W. Jones, a young newspaper man of this city. The wedding

1 P.M. Thursday April 16th.

This sale is the most important movement of real estate on a large scale ever undertaken in Southern California, the object of the owners being to accomplish in one afternoon what would ordinarily take months to do by private sale. Every lot we sell for building purposes increases the value of our remaining property just that much. Thus, while we expect that all lots sold Thursday will go far below their real worth, we, as business men, know that our losses will be made good with an additional profit with a hundred or more new houses being put under construction by those who buy the lots at auction, and just as this increased valuation affects us, so it will affect the purchase of every person who buys a lot on Thursday as well as present lot owners.

No Words Can Describe This Property---See it for Yourself

Raymond Park is the most beautifully located residence property in Southern California—and we except none—the natural beauty of the place is one of the features of Southern California, that have brought tourists from all over the world to enjoy the groves and green, the fruits and flowers that make the country south of the Raymond Hotel in South Pasadena the grandest home building place in the United States.

Raymond Park adjoins the Raymond Hotel on the south.

Raymond Park is only 22 minutes from the business center of Los Angeles via the Pasadena short line. About the same running time it takes to go to the corner of Adams and Hoover streets in the city.

The elevation is over 600 feet—a fact which makes for the health of the home in no small degree; the air is the balm of the grand old Sierra Madre range which stands out like a wall a few miles to the north; few fogs; little or no frost; the finest soil in the world for floral and garden culture. Raymond Park has a magnificent water supply and the water

rates are extremely low; electric lights and telephones are already on the property and a gas franchise has already been granted. Streets are all graded and curbed and sidewalks laid. High class public schools, fine churches and every environment to make an ideal home.

A large number of beautiful homes have already been completed and more are to follow.

With such a splendid situation and natural conditions unsurpassed, every buyer who makes an investment next Thursday is bound to realize a handsome profit. The larger number will doubtless buy for homes, as property of this class is already very scarce, for the reason it is

Visit Raymond Park before day of sale. On the Tract always open. Take Pasadena short line car First to Los Angeles Sta.

YOUNG BUSINESS MAN TAKES HIS OWN LIFE.

FRED DIRKSMAYER EXPIRES ON FLOOR OF HIS OFFICE.

Sister Says He Worried Over Personal Debts Which He Was Unable to Meet Promptly—Found Way Out of Trouble by Using Pistol—Inquest Set for This Morning.

When Paul Gabriel, of the firm of Dirksmeyer & Gabriel, general machine and toolmakers, entered his place of business, at 7 o'clock yesterday morning, he saw is partner, Fred W. Dirksmayer, gasping out his life, having shot himself twice with suicidal intent.

Dirksmayer found Dirksmayer lying face downward on the floor, evidently having fallen to that position from his office chair. In the left breast, just above the nipple and not more than one-fourth of an inch apart, were two pistol-shot wounds. Blood was flowing from these and from the dying man's mouth. After Gabriel had hurriedly run over on his back, the latter grasped one of two revolver cylinders held, and he lay still in death.

The dead man's partner immediately sent two telephone messages, one to the Coroner's office and one to Miss Alice Dirksmayer, the sister, at No. 62 West Eighth street, where Dirksmayer had been staying.

The revolver with which the suicide was committed was on the floor a few feet away from Dirksmeyer's body. The weapon is a .32-caliber, and cheap make. Death, however, came suddenly, and the cylinder contained three unexploded and two exploded shells. One of the former bore the dent of the hammer-pin, indicating that Dirksmeyer had pulled the trigger three times, instead of twice, as he had intended, in order to destroy himself. He had, before sitting down in the office chair, removed his coat and vest. Then, the first cartridge failing to explode, he evidently had placed the muzzle of the pistol against the left breast, above the heart, and pulled the trigger twice in instant succession. Then the weapon fell from his hand and he tumbled to the floor. Mr. Gabriel entered—an nearly can be determined about fifteen minutes later—and Dirksmeyer was then gasping his last. Death probably resulted from internal hemorrhage. The body was removed to Pierce Bros' morgue, where an inquest will be held at the end of the morning.

Dirksmeyer went to his office shortly after 6 o'clock yesterday morning, where he wrote a brief (and immaterial) note to a business acquaintance. This he sealed and addressed, but did not stamp. In the dead man's pockets

were found newspaper clippings descriptive of suicides and murders, together with several rather sentimental verses on the subject of immortality.

Fred Dirksmayer was 34 years old.

He had been ill for some time past.

He had been worrying himself over personal debts which he could not meet promptly. It is supposed that this trouble induced the young man to destroy himself.

BAD BACK TA

Indorsed by a Los Angeles Citizen.

Bad backs mean bad kidneys. Sick kidneys—kidneys can't do the work nature intended them to do. Bad backs result—lame backs, weak backs—backs that feel as all the life had gone out of them—never rest backs in the morning than at night—lots of them right here in Los Angeles. Not so many as there were, though—had been cured, made strong and vigorous by

DOAN'S KIDNEY PILLS.

That's the little remedy that cures kidney trouble, lame backs and aching limbs, cures urinary irregularities, every form of kidney disorders, down to the advanced stage of Bright's disease—nothing will cure that.

Here's Los Angeles proof:

H. J. Gardner, barber, of 634 Bellevue Ave., says he was bad with backache that I was continually placing my hands across the loins for the slight assistance makeshift afforded. These attacks occurred at all hours, knew from other indications that my kidneys were either weak or overexcited, but I was in course to pursue to get relief. Advertisements about kidney pills which positively guaranteed results taken as directed, induced me to go to Doan's drug store on corner of Spring and Second streets, for a box. At no time less than a month ago I was free from backache and other complaints due to kidney complaint, but there has not been slightest appearance of a recurrence."

Doan's Kidney Pills are for sale at all druggists—50 cents the box.

Real Post Office Not a Stamp Window

That the growth of business at this end of the city is constantly on the increase is best exemplified by the fact that Station "C"—a full fledged post office with a larger volume of business than the main post office is enlarging its quarters in the Hamburger store building; and as soon as alterations are completed will put on twelve more carriers; and increase the rented boxes by five hundred. Hamburger's is an important factor governing these changes for the thousands of patrons who are at our store daily do nearly or all of their posting letters, buying stamps and money orders at station "C." as this post office has a main entrance from this store. Our business is greater than can be accommodated by a simple stamp window.

Second Day Semi-Annual Knit Underwear Sale

It is now time to change from the heavier winter garments and certainly there is nothing prettier or cooler than a dainty knit undergarment for women's uses and as most of them even in the cheaper grades are in pretty lace and ribbon effect with the daintiest of colorings, you should anticipate your entire season's wants and make as liberal purchases at this sale as your pocketbook will permit for we are certain that no other local house can by any possibility offer you as great inducements at any time during the season. There are full lines of these knit undergarments for misses, women and men, but we repeat here only a partial list of the numerous values advertised Sunday for this sale.

White Wash Goods Sale

After months of preparation during which our buyers in both foreign and domestic markets have given close attention to what weaves will be most generally used this season, we are now ready to show an assortment of white goods which we are positive will have no counterpart at any store this side of Chicago. Every woman reads fashion papers and knows as well as ourselves that this is a white goods year. We lay special stress upon the fact that as commencement season will soon be here; also as first communion and confirmation gowns are needed it is an excellent opportunity for mothers to purchase the material for their young daughter's dresses at lower prices than the same grades of goods can be found at any store in Los Angeles. Our Mr. D. A. Hamburger is our permanent resident buyer in Paris and is in close constant touch with the foreign manufacturing world; so rest assured that what you see at Hamburger's is absolutely correct in style, is of the best quality and is not overpriced "for where quality counts, we win and fear no competition."
